Our Company

Our history began in the year 2010 with the start of a first company named Mecoson Labs as a local pharmaceutical trading company. Through the years, our business has developed from a trading company to leading global company with the help of our visionary leaders and expert team.

Step by step the company has progressed very fast and expanded its business from trading and marketing to manufacturing and exporting of pharmaceutical products and become one of the leading pharmaceutical company in India and made its name in Medical and Healthcare Sector.

Utilizing experience and success in the domestic market, in the year 2017, new business with the name Sarvasya Trading (India) Private Limited has been established to capture international market. We have expanded our range of products which includes Pharmaceutical Formulations, Dental Products and Instruments, Medical and Surgical Disposables, APIs and Chemicals and Contract Manufacturing

MISSION, VISION & VALUES

MISSION

OUR VISION

To be world's most trusted and preferred company which provides all products and services for Healthy Life.

OUR MISSION

To become the preferred global supplier to all of our customers worldwide and achieve sustained growth, through consistent delivery of innovative, customer-centric, world-class quality products and services.

QUALITY

We are committed to providing high-quality products and services. We meet the mutually agreed-to requirements the first time and strive for continuous improvement of our work processes.

INTEGRITY

We uphold our reputation for integrity in the marketplace and provide an ethical work environment for all our employees. We do the right thing each time we face a tough decision.

DIVERSITY

We pursue diversity in our workforce, our markets, and our services because we recognize that optimum solutions require different backgrounds, new perspectives, and open minds. We leverage diversity through inclusion of employees, empowering them to shape the future of the corporation through collaboration and innovation.

INNOVATION

Through inventive processes and unique solutions, we provide unmatched value to our customers. We foster creative work environments where we always challenge ourselves to improve our processes and procedures.

SUSTAINABILITY

In all that we do, we are conscious of the impact that our work has on the environment. We help our customers do the same by providing clean, efficient, healthy, and effective solutions on all of our projects.
